Featuring a revolutionary internal rubbing action and multiple stimulating functions, this state-of-the-art device is engineered to target your most sensitive erogenous zones with precision and power.

At its core, the **IntiMotion Pulse Pro** boasts the innovative IntiMotion technology— its signature swirling finger, designed to deliver rhythmic, 10-speed motion to your G-Spot and internal clitoral region. Unlike anything you've felt before, this unique feature doesn't just rub but also vibrates, creating an irresistible combination of swirling and pulsating sensations.

The main **G-Spot** shaft combines deep, rumbling vibrations with a textured tip for targeted stimulation. Experience each sensation independently or in unison. Made with luxurious, hygienic **Elite Silicone<sup>™</sup>** texture for a soft, silky, and easy-to-clean surface.

Product ships with Travel Lock on for discretion. It will automatically unlock upon charging product. Press top 2 buttons for 5 seconds to lock/unlock.
